

Electrical and Computer Engineering and Technology Scholarships 2008-09

[Download 2008-09 Application](#)

College of Science, Engineering and Technology Scholarship	At least ten awards ranging from \$500 to \$1000 will be given. To qualify, a student must have a cumulative GPA of 3.5 or above, have completed at least two full semesters at Minnesota State, Mankato, and be declared a major in the college or in a pre-professional major with the college. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i>
Dataradio Engineering Scholarship	One award of \$2000 will be given to an undergraduate student. To qualify, a student must be an EE major who is pursuing the RF Option and/or DSP. The student must also have completed their sophomore year and have a cumulative GPA greater than 3.0. Preference is given to those who have graduated from a southern Minnesota high school and have an affinity for continuing to reside in the area upon graduation. In addition, the recipient will be offered a paid summer internship program. A separate application form is required. Please contact the ECET department for more details (137 Trafton South, 507-389-5747).
Dean and Maxine Turner Scholarship	One award of \$1000 will be given. To qualify, a student must have a cumulative GPA of 3.5 or higher and be enrolled in any major in the college or in a pre-professional major associated with the college. Preference will be given to students who will be seniors in the fall. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i>
Electrical and Computer Engineering and Technology Department Scholarship	Three awards of \$1000 are available.
Forrest Nelson Electrical Engineering Scholarship	Two awards of \$750 will be given. To qualify, a student must be a junior, admitted and enrolled in Electrical Engineering (permitted into third year, 300-level courses). Students choosing a power engineering option will have preference when this option becomes available.

Kato Engineering Scholarship	One award of \$5000 will be given. To qualify, a student must be entering their junior year (having completed at least 64 semester credit hours) in electrical engineering, have a cumulative GPA greater than 2.5, and 3.0 or higher in their major. Important note: The recipient of this scholarship will have specific employment obligations. Kato Engineering offers real-world engineering opportunities for the scholarship recipient. An additional agreement is required. Please see Jean Willaert (205 Trafton East) for the form and additional information.
Mary and Clifford Hendrickson Scholarship	Two \$500 awards are available. To qualify, a student must be a declared major in the College of SET and have a cumulative GPA of at least 3.0. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i>
Rudy and Leone Salfer Electrical Engineering Scholarship	Up to four awards of \$1000 will be given to EE or EET majors who have completed at least 45 quarter or 32 semester hours of college courses, of which at least half must be in science, math, engineering, or engineering technology. Scholarship is the primary criterion, but letters of recommendation regarding leadership, career potential and work ethic will also be considered.
Thin Film Technology/Mankato Area Foundation Scholarship	One award of \$2000 will be given to a senior with a GPA of 3.5 or higher. Two awards of \$1000 will be given to a senior with a GPA of 3.0 or higher. Four awards of \$500 will be given to a junior with a GPA of 3.0 or higher. Candidates must be a declared major in either computer engineering, electrical engineering, mechanical engineering, automotive engineering technology, computer engineering technology, electronic engineering technology, manufacturing engineering technology, chemistry, mathematics or physics. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i>
Turning Pointe Scholarship	One award of \$1000 will be given to a single mother with dependent child(ren) who is a declared and accepted major in the College of SET with 32 credit hours completed. There is no minimum GPA requirement. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i> A separate application is required.

V-Tek, Inc. Engineering Scholarship	Up to six awards of \$1000 will be given. To qualify, a student must have a cumulative GPA of 2.5 or higher, completed 32 or more semester credit hours, and be enrolled in one of the following majors: computer engineering, computer engineering technology, electrical engineering, electronic engineering technology, manufacturing engineering technology or mechanical engineering. <i>Recipients are selected by the Dean's Scholarship Review committee.</i>
Winland Electronics Engineering Scholarship	Four awards of \$500 will be given. To qualify, a student must have graduated from a high school in Minnesota, Iowa, Wisconsin, or North or South Dakota, have a cumulative GPA of 2.5 or higher, and be enrolled in electrical engineering, manufacturing engineering technology, or electronic engineering technology. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i>
Xcel Energy Scholarship	Five awards of \$1000 are available. To qualify, a student must have a cumulative GPA of 3.5 or higher, have completed at least two full semesters at Minnesota State, Mankato, and be declared a major in the college or in a pre-professional major with the college. <i>Recipients are selected by the Dean's Scholarship Review Committee.</i>
