

Mathematics and Statistics Scholarships 2009-10

[Download 2009-10 Application](#)

College of Science, Engineering and Technology Scholarship	At least ten awards ranging from \$500 to \$1000 will be given. To qualify, a student must have a cumulative GPA of 3.5 or above, have completed at least two full semesters at Minnesota State, Mankato, and be declared a major in the college or in a pre-professional major with the college. Recipients are selected by the Dean's Scholarship Review Committee.
Dean and Maxine Turner Scholarship	One award of \$1000 will be given. To qualify, a student must have a cumulative GPA of 3.5 or higher and be enrolled in any major in the college or in a pre-professional major associated with the college. Preference will be given to students who will be seniors in the fall. Recipients are selected by the Dean's Scholarship Review Committee.
Eileen Seely Jurgenson Scholarship	One award of \$1000 can be granted. Applicant must be a declared mathematics major, be a full-time student of junior status or lower, but normally will have completed MATH 121, 122 and 290; provide two recommendations from mathematics faculty, and must have received above-average grades in mathematics courses. The award will be distributed over the academic year.
Gladys Stein Scholarship	One award of \$1000 will be given. To qualify, a student must have a cumulative GPA of 3.3 or higher, must have completed at least one full semester at Minnesota State, Mankato, and be a declared math, science or pre-professional major in the college. Recipients are selected by the Dean's Scholarship Review Committee.
Hatfield Mathematics Scholarship	Two awards of \$600 can be granted. Applicants must be declared mathematics or mathematics education majors, must be entering their junior or senior year, have a cumulative GPA of at least 3.0, be full-time students (taking a minimum of 12 semester credits), and must have been full-time during the last semester. At least one letter of recommendation must be from a math department faculty member at Minnesota State, Mankato.
James A. Andersen, Mathematics Department Scholarship	Three awards of \$600 can be granted. Applicants must be declared majors or minors in mathematics or statistics. Applicants must have accrued the equivalent of 30 semester credits, including 16 credits from Minnesota State, Mankato, and ten credits (for grade) in mathematics courses that count toward the major or minor. A cumulative GPA of at least 3.0 and a mathematics or statistics GPA of at least 3.3 is required. The award is for full-time students only (taking at least 12 credits per semester), and applicants must have been full-time during the last semester. At least one letter of recommendation must be from a math department faculty member at Minnesota State, Mankato.
Mankato Math Associates Mathematics Scholarship	Two awards of \$600 can be granted. Applicants must be declared mathematics majors. Applicants must have accrued the equivalent of 30 semester credits, including 16 credits from Minnesota State, Mankato, and ten credits (for grade) in mathematics courses that count toward the major. A cumulative GPA of at least 3.0 and a mathematics GPA of at least 3.3 is required. The award is for full-time students only (taking 12 credits per semester), and applicants must have been full-time during the last semester. At least one letter of recommendation must be from a math department faculty member at Minnesota State, Mankato.
